

Do You SAVY?

The Society for the Advancement of Volunteer Youth

Moody Gardens® SAVY Program offers youth ages 14-17 the opportunity to volunteer within their community, while gaining experience in a variety of career fields.

Students will experience a summer they will never forget!

As a first year SAVY volunteer, students will have the opportunity to:

- Work side-by-side with Interpretive Naturalists.
- Work with the animals in the touch tanks.
- Provide guests with information about Moody Gardens® and the animals in the exhibits.
- Assist staff with various duties and responsibilities.
- Attend continuing education courses that will expand on the knowledge gained as a SAVY member.

SAVY members are required to commit a minimum of six shifts in June, six shifts in July, three shifts in August and complete four Continuing Education Classes. There is no cost to the youth for the program.

Applications for the 2012 summer program will be available online at http://www.moodygardens.org/get_involved/teens_savy/ beginning the end of November.

If you would like more information,
please contact the SAVY Coordinator at
409-683-4121, 1-800-582-4673 ext. 4121
or email savy@moodygardens.com.
